THE BIG EASEL

The enclosed picture is an "Alfred" that I made from some of what my 14-year-old dog Vegas left behind from a long but unseasonably warm winter. Granted, he did not drop it in this formation. I wish he would do that, though, because it would make pooper-scooper day much less dreadful. I know my picture looks like crap. But under the circumstances, how else should it look? What did I use to arrange the piece, you ask? Let's just say that if I ever invite you over for hot dogs, use your fork to fish them out of the pan, and not the tongs.

Corey A. Case • Clinton, IL

Basketcase — Ah, Illinois, home of Abraham Lincoln, Barack Obama and the guy who makes art from dog poop! We'd love to see the Prairie State, but we don't think we'll be coming to one of your "hot dog parties" any time soon. Besides, John Caldwell makes a pretty amazing Poop Alfred — and he doesn't need the help of any dog to do it! He doesn't need tongs, either — but that's a whole other Letters Page. —Ed.

LOOK WHO'S TOLKIEN

Let me start off by saying if you can't say anything nice, don't say it at all. Your indescribable magazines have driven me to the limits. When you made fun of *Avatar* I almost ripped your magazine apart. But in your *Mike & Molly* issue, with the parody of *Lord of the Rings*, I was SO TICKED OFF that I almost ripped your magazine and threw it in the garbage. But I guess I saved a copy of your magazine because my mom stopped me. In conclusion, please do not make fun of *The Lord of the Rings* ANYMORE! Or there will be more angry letters coming your way. AND THAT IS A PROMISE!

Emily Kaffenberger • Fayetteville, NY

Nail in the Kaffen — Ooooh, we wish we had gotten your letter just a little bit sooner! Unfortunately, we JUST went to press with our special *Lord of the Rings* issue! It's full of articles like "The 896 Worst Things About *The Lord of the Rings*" (Reason #47 is "The movies' fans"), "Sure-Fire Signs You Care Too Much About an Irrelevant Movie Franchise" and "A MAD Look at Emily Kaffenberger's Seething, Hobbit-Defending Anger." Maybe calm down a little, Kaffy. You don't want to write angry! We were once told that if you can't say anything nice, don't say it at all! —Ed.

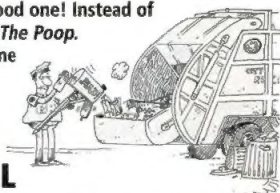

LIFE OF THE POTTY

After being beaten down by my mom's relentless questioning of "If you're so smart, how come you're not rich?" for the last 30 years, I realize now how my lack of brilliance allowed me to really enjoy your movie mash-ups, where you combine movie titles. My friends and I decided to do something different. We substituted one word in a movie title with the word "poop." For instance, *The Wizard of Oz* becomes *The Wizard of Poop*. It's a *Wonderful Life* becomes *It's a Wonderful Poop*. Other examples: *To Poop a Mockingbird*. *Poopy Longstocking*. A couple of my favorites include Clint Eastwood in *A Fistful of Poop* and Sylvester Stallone in *Stop! Or My Mom Will Poop*.

Mark Stanuszek • Gwinn, MI

Mark Shadows — Wait...slow down...you lost us! This formula is kind of confusing. How do you do this again? You just take one word of a movie's title and replace it with "Poop"? Ok...so then *Twilight* becomes...*Poop*. Oh, that's no good. Are we doing this right? Let's try again. Here's a good one! Instead of *The Avengers*, now it becomes...*The Poop*. Yeeeeeah...we're starting to come around to your mom's way of thinking. —Ed.

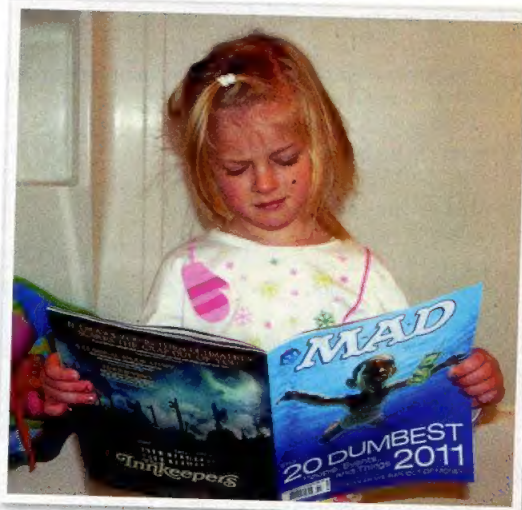

GROW AND TELL

On page 3, issue #508 you finally published my letter showing pictures of my daughter holding MAD magazine in each of the first 3 years of her life. I said that I was going to send you a picture of her every year until she was 50. Well, true to my word, here is the latest picture taken of my daughter at age 4. I hope you have an ongoing file for her! 46 more pictures to go. I know, I know, MAD won't last that long.

Chris O'Donnell • Nova Scotia, Canada

Chris Congeniality — Wow! Just look at her! She's getting so BIG! It's incredible to think that soon she'll be able to call Child Services all by herself and complain about your sick, humiliating project! Until that time, though, we look forward to next year's picture! —Ed.

CHEER NO EVIL

I am a fifteen-year-old high school student from Wichita, KS. I cheerlead at my high school, and everyone always debates on whether cheerleading is a sport or not. Being a long-time reader, I was wondering what your thoughts on cheerleading are, and if you consider it a sport.

Nicole Kesler • Wichita, KA

Nic Fury — Is cheerleading a sport? Well, let's see — cheerleading requires determination, tenacity, perseverance and the ability to fight through pain. Although...so did reading your letter...so we guess if cheerleading is a sport, so is reading letters from cheerleaders. Sorry if that was mean...we always get nervous when we try to talk to cheerleaders. Thanks for writing! Give us an "E"! Give us a "D"! What's it spell? —Ed.

GOTHAM PITY

I wanted to ask you if you'll make a Batman Special for *The Dark Knight Rises*. The satires in the special issue in order: Batboy & Rubin!, Bats-man, Battyman, Buttman Returns, Batsman: The Anemic Series, Buttman Fershlugginer, Buttman & Rubbin', Battyman Begone!, The Dork Knight, and even a new Batman movie satire, The Dork Knight Dies! I hope you like this idea and release it next summer.

Tad Ordenez • Virginia Beach, VA

Breaking Tad — We DO like this idea! In fact, you must have ESP — because as we announced on madmagazine.com, we're putting out a MAD Batman Special in July! And it's going to have almost all those pieces you just listed (and some new stuff as well)! So, the good news is that your wish is coming true. The bad news is, your amazing psychic powers are wasted on predicting the content of MAD Special issues. But here's a sneak peek of the cover — bet you didn't see THAT coming! —Ed.

JUNEAU WHAT I MEAN?

Me and my dad have read MAD for a while now and we love it. My dad liked issue 512, even though it made fun of his favorite show. I like issue 512 too because of the Zit Hall of Fame, I thought it was the most revolting department ever. I love your TV show and hope that you don't cancel it anytime soon. I really want to subscribe to MAD, but I'm broke, please help. I really think your magazine is the best.

Sinjin Bunag • Eagle River, AK

P.S. For all the idiotic lower-48ers — Alaskans don't ride polar bears to and from school, so quit asking!

Hot Cross Bunag — Geez! We know that Alaskans don't ride polar bears to school! Everyone knows that all Alaskans are either home-schooled or don't go at all! (And polar bears are strictly for eating on special Eskimo holidays, like St. Patrick's Day.) We're happy to clear up those hurtful stereotypes about Alaskans. —Ed.

P.S. Don't look now, but there's a moose rummaging through your garbage!

ALFRED LOOK-A-LIKE

I've been reading your mag for 30 years. I'm 55 years old and I have a 7-year-old son. Chris loves your mag, mostly *Spy vs. Spy*. We would be honored to have this photo printed. Everybody tells me he looks like Alfred.

Rick Hoaison
Glen Rock, PA

Slick Rick — Wow. Is it possible that 30 years of reading MAD actually seeped into your DNA and affected the looks of your children? (We're not scientists, but we say yes!) Good thing for Chris that you didn't spend all that time reading *Dirt Wheels* magazine — he'd be a half-boy/half-motorbike freak of nature! —Ed.

FOR GOODNESS' CAKE!

As if turning 40 wasn't depressing enough, Sean's wife Tiana decided to add insult to injury by surprising him with a *Spy vs. Spy* cake! She and her friend Jessica happen to be the owners of the bakery Random Acts of Sweetness in Portsmouth, NH. If we're ever in the Granite State, we'll be sure to stop by for some violent, espionage-themed baked goods!

BAD TO THE PHONE

I have been a fan of your TV show since the beginning. I couldn't wait to read your mag. Once I began reading your magazine, I couldn't stop. I'm going to paint my room as my favorite comics from MAD. Once I painted my sister's face to look like Alfred E. Neuman (sorry, no pics). My mom thinks MAD is immature, so I used Alfred's picture as her caller I.D. pic (so HA!)

Carsan • San Luis Obispo, CA

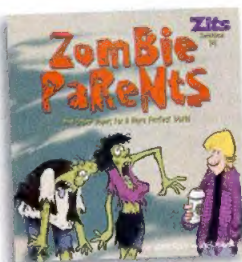

Disney-Pixar's Carsan — Good idea using Alfred's pic for when your mom calls! But how do you know if it's your mom ringing you up, or just Chris Hoaison giving you a call? —Ed.

THE MAKE A DUMB WISH FOUNDATION™

I've got a wish for the Make a Dumb Wish Foundation™. Every time my wife and I have an argument, she always outwits me and ends up winning any disagreement we have. She is so much smarter than me, I always seem to come out looking like the fool and end up apologizing to her for the fight. My wish is that she starts reading MAD and then her intelligence should drop enough so that I'll be on an even par, and might actually win an argument or two.

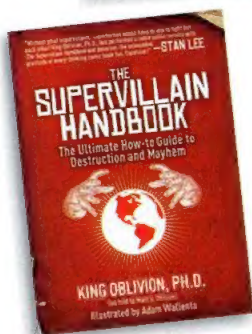

Glenn Payzant • Nova Scotia, Canada

Glenn of a Certain Age — We'd be happy to grant your wish — but it doesn't seem like even a giant drop in her intelligence would help you win an argument. Besides, how smart can she be? She married you, didn't she? —Ed.

Spoiler alert! There are four seasons' worth of plot twists crammed into this parody! So if you don't want any surprises ruined, just skip the next few pages! (But hey, we warned that say-ye. Say naime the ending of *The Sixth Sense*! Anyway, when Billy, the TV series began, it was about a meek high school science teacher who finds out that he has terminal cancer, and decides to make crystal meth without telling his wife. Now, the wife is his partner, he hasn't worked at the school in months, the cancer is nowhere to be found and he's a violent badass. Yup, the premise of this show is:

Fading Bad

Writer: DeSmond DeVlin

Artist: TGM RichMond

Beautiful Albuquerque! And we've got the most thrilling television show since CSI! Clovel! But it's hard for me to appreciate the scenery, when I have a rotten black lump growing inside of me. It's my soul!

I'm Wallow Blight, and I'm juggling two dead-end situations: high school teaching and working at a car wash! Actually, it's three dead-end situations, counting my relationship with my wife and son! They tell me I'm emotionally unavailable. Maybe, just a little. When I used to play a game of "catch" in the backyard with Wallow Jr., I'd bring in a relief pitcher!

I'm seething with repressed rage. How ever, I'm also willing to shoot victims, strangle them, bomb them, poison them, and run them over with my car. So you can only imagine what I'm repressing!

When married Wallow, he was a rising scientific genius. But he quit his research job, alienated our friends, threw away our future, and ended up as a high school teacher. Today, he cooks meth for murderers. Just KNEW he'd bounce back! What hasn't bounced back: our sex life. Just twice in three years. And one of those times, he was just reaching for the remote!

Yo, bitchies! It's me, bitchies! And I'm gonna make all of these bitches my bitches. Bitches. Bitch bitch bitches! My favorite insult word? "Schneen drick!" Go figure. My name's Gatsby Pinklaye, and I'm basically Robo the Boy Wonder with a frontal lobe injury. By making and selling meth, I earn \$900,000 a year! The problem is that smoke, sniff or inject \$900,750 worth

I'm Wallow Jr. If they'd offered me the choice in utero of either getting this cerebral palsy, or of inheriting my dad's mental genes, I'd still have said, "Give me the metal braces." The most important thing to me is my family. It's like my dad said at last June, "Without togetherness, what is there?" I know he told me that in June, because I haven't seen him since!

I'm Chuck Tater! I'm an earthy guy, in that I'm shaped like the planet! Even though I'm a top DEA agent, I didn't notice a drug kingpin right under my own nose, not even when Wallow was associating with drug dealers, or feeding me direct clues. Washington, D.C. called me yesterday. They're putting me on the job to find out if there are any banking violations on Wall Street!

My name is Batman. You really get a unique perspective on Gotham City when you're standing on top of an 88th-story gargoyle. And don't get me started on rope burn! When I okay you, caught me. I'm actually Chuck Tater's wife Martyr, and I'm an out-of-control kleptomaniac. I even stole the beginning of this word balloon from the next *Dark Knight* parody! I'll pocket a picture frame, or a spoon, or any other trinket that isn't nailed down. The only thing I never, ever steal? A scene!

DING!
DING DING!
DING DING!
DING!
DING DING!

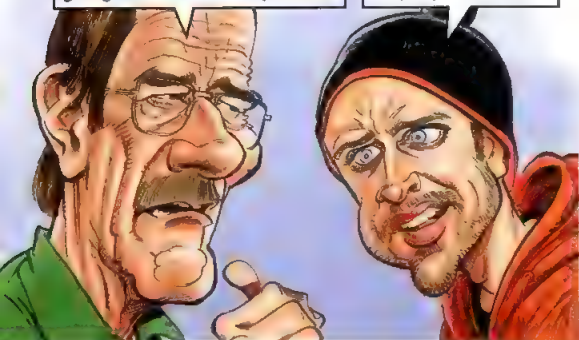

"Fine, to maybe this dialogue isn't funny to you. But trust me, it's the WAY that I ding it."

I'm a sleazebag. A scumbag. A dirtbag! But I aspire to be a much better class of bag! How is it that on a show filled with thieves, kidnappers, killers and pushers, the most contemptible character is a criminal lawyer? Don't get me wrong. I've got a perfect 100% rate of satisfied customers. What's my secret? Any client has a complaint, I make 'em "disappear"!

I'm Pus Schwing, depraved narcotics mastermind and beloved chicken franchisee. Picture Colonel Sanders as Scarface! My fast food restaurant serves up deep-fried chicken, s'de dishes full of oil and fat, and bottomless soda. Selling crystal meth is a lot healthier! It takes absolute self-control to lead my kind of double life. I'm cautious. I'm methodical. Eight years ago, once had a facial expression and 12 men died. I'll never take that kind of risk again!

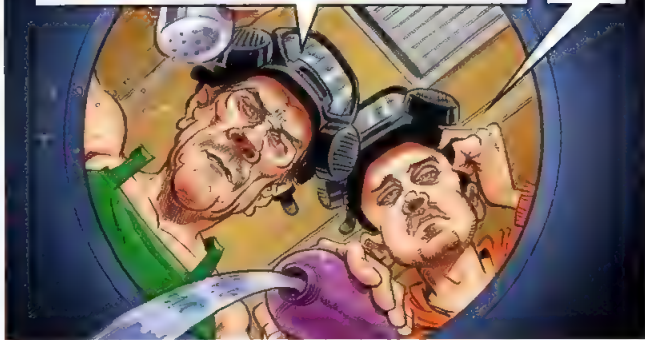

I'll provide the expertise, the wisdom, the planning, the equipment and the product! You provide the idiotic plot twists and arbitrary bad decisions we'll need to keep this going more than five episodes!

It's a deal, yo! Besides, hooking up with a stringy 55-year-old schlub who's hacking up blood will really help my street cred!

My recipe for making meth is extremely precise, so pay attention. Take a big bowl, mix in 58 ounces of phenylacetone, half a liter of toluene, seven drops of muriatic acid, and one cup of anhydrous ammonia, while monitoring the pH indicators. Let the formula cook at 510 degrees for exactly four hours and 15 minutes. Plus just a hint of nutmeg! Any questions?

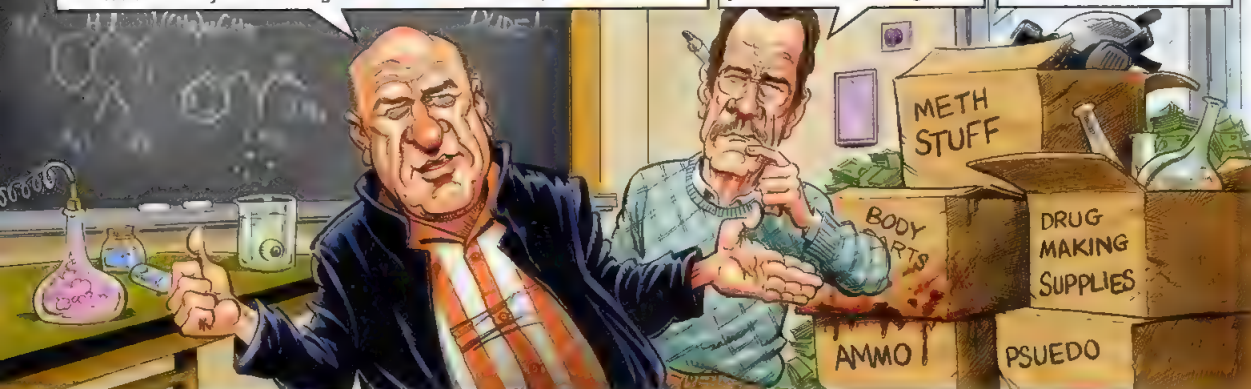

Just one. What's a bowl?

There's a new meth lab in town. We traced its equipment to *your* school. We picked up *your* fingerprints on the empty shelves. *You* were the last person seen in the storage room. Only someone with *your* expertise in chemistry could have known which items to steal. So I gotta ask you, Wallow...do you want to grab some subs for lunch, or Tex-Mex?

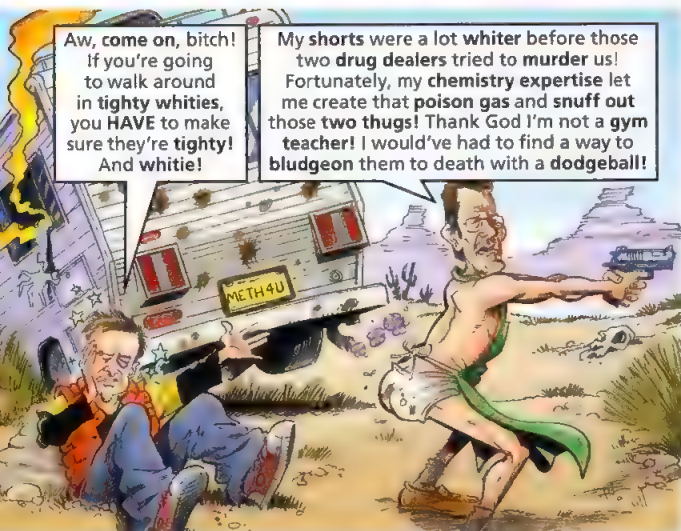

Chimichangas all the way! Your detective instincts are scary good, as always. Have you EVER solved a big case?

Almost! But that Colonel Mustard is a tricky bastard! How could I have known the fiend would use a candlestick?

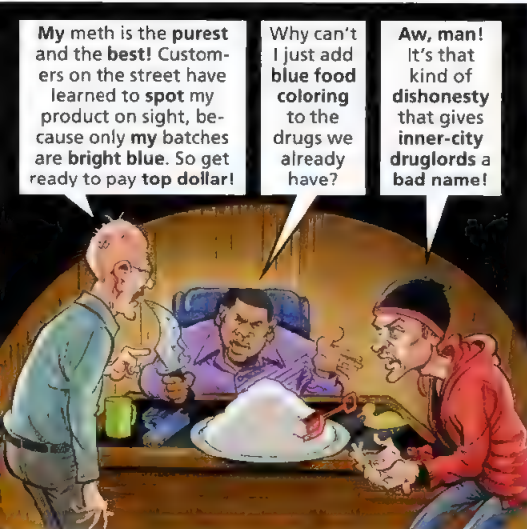

Aw, come on, bitch! If you're going to walk around in tighty whities, you *HAVE* to make sure they're tighty! And whitie!

My shorts were a lot whiter before those two drug dealers tried to murder us! Fortunately, my chemistry expertise let me create that poison gas and snuff out those two thugs! Thank God I'm not a gym teacher! I would've had to find a way to bludgeon them to death with a dodgeball!

That gas attack was self-defense. And holding the surviving drug dealer hostage was necessary. Murdering him in cold blood, though? That's where I irrevocably cross a moral line. But it's for the greater good! By doing this in Gassy's basement, we qualify as a home business! Now we're eligible for a tax credit!

My meth is the purest and the best! Customers on the street have learned to spot my product on sight, because only my batches are bright blue. So get ready to pay top dollar!

Why can't I just add blue food coloring to the drugs we already have?

Aw, man! It's that kind of dishonesty that gives inner-city druglords a bad name!

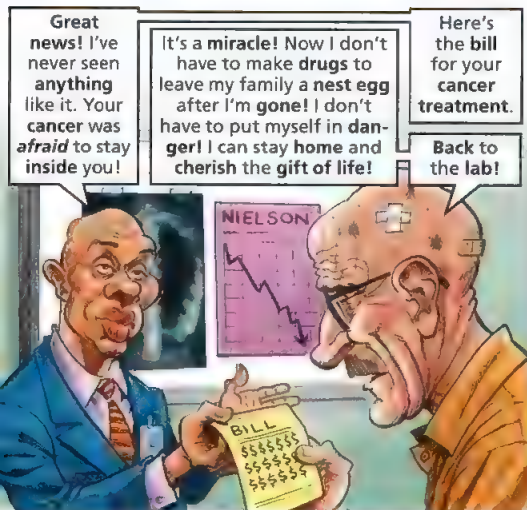

This arrangement ends today! I don't need you breathing down my neck! That's why I asked you to come over!

You know it, bitch! Lose my phone number! And I'll see you tomorrow!

Wait! Wait! I'm confused! Are we breaking up again, or are we making up again?

Beats me! Sprint reception breaks up less than we do! But volatility is what makes our team so great! Like Kobe and Shaq! I'm ready to be friends again. Let me hug your throat!

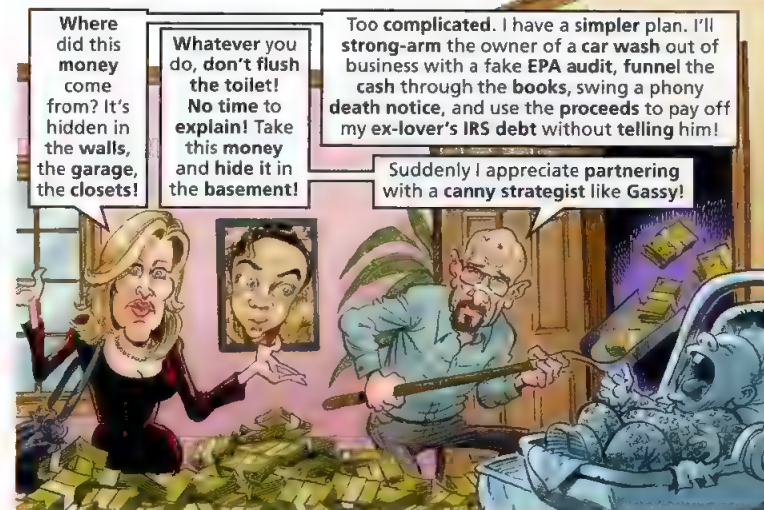

Great news! I've never seen anything like it. Your cancer was afraid to stay inside you!

It's a miracle! Now I don't have to make drugs to leave my family a nest egg after I'm gone! I don't have to put myself in danger! I can stay home and cherish the gift of life!

Here's the bill for your cancer treatment.

Back to the lab!

Where did this money come from? It's hidden in the walls, the garage, the closets!

Whatever you do, don't flush the toilet! No time to explain! Take this money and hide it in the basement!

Too complicated. I have a simpler plan. I'll strong-arm the owner of a car wash out of business with a fake EPA audit, funnel the cash through the books, swing a phony death notice, and use the proceeds to pay off my ex-lover's IRS debt without telling him!

Suddenly I appreciate partnering with a canny strategist like Gassy!

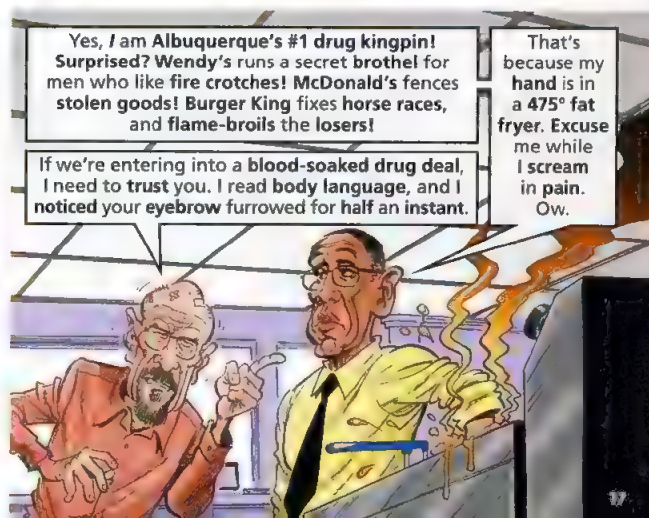

I owe my family an explanation for my disappearances, my wealth, my "Meth King" bowling jacket. Here it is: gambling! Yup, gambling. I'm a gambling gambler who gambles! That's my alibi; start swallowing!

That's some story. A month of watching TV poker, and you win a million bucks? Let me test your chops. The dealer is showing 17 and you've got two sevens. What do you do?

Go fish!

Hmm... that checks out!

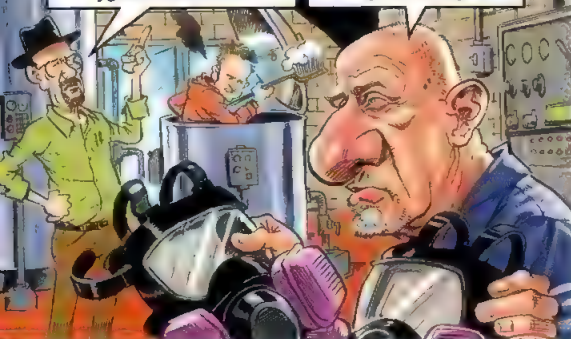

Yes, I am Albuquerque's #1 drug kingpin! Surprised? Wendy's runs a secret brothel for men who like fire crotches! McDonald's fences stolen goods! Burger King fixes horse races, and flame-broils the losers!

If we're entering into a blood-soaked drug deal, I need to trust you. I read body language, and I noticed your eyebrow furrowed for half an instant.

That's because my hand is in a 475° fat fryer. Excuse me while I scream in pain. Ow.

Scrub these vats! Wash the walls! When we're making a toxic stimulant for schizophrenic burnouts and crack whores, the one thing I insist upon is hygienic standards!

Here, put these on. They'll protect you from the chemicals. And they'll protect the rest of us, too! You guys aren't exactly easy on the eyes!

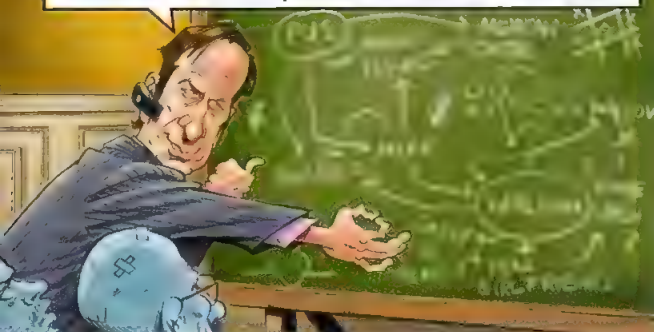

Explain something. How do two undisciplined putzes with frequent unexplained absences, drug binges and erupting crises, and who don't always answer their phones, coordinate a reliable working schedule?

How is it that you sit here in this dinky strip mall office and win more legal cases than the DEA? How does one drug lord fight the entire Mexican cartel while distributing across a half-dozen states, with just five employees? Sometimes you just gotta go with the flow!

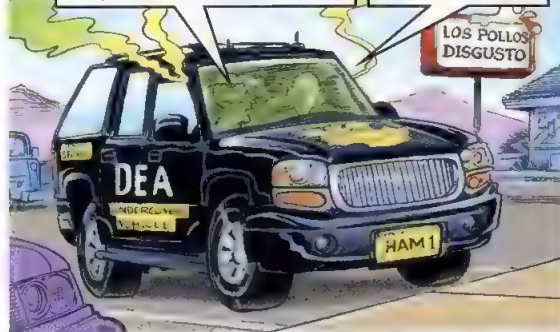

This is the situation in a nutshell. Twin hitmen are up from Mexico to avenge their cousin's murder by your brother-in-law who was tracking him, while searching for you, which led him to Pus, who's stalling the cartel that wants you dead by negotiating in bad faith while using their blood lust as a tool as he plots his own revenge with Mike, who's got orders to execute you despite being my middle man between you and Pus! Granted, that's a huge nutshell. But there's one problem I can't solve. I'm out of chalk!

I can feel it in my bones. Pus Schwing is a bigwig in the meth game! Also, I'm fairly certain I must have bones! If we sit here long enough, watching, he'll slip up! Let's come back here every day!

Yes! But don't forget, I've kept the engine running for the entire stakeout! Carbon monoxide fumes and detective work don't mix!

Are you sure that's a good idea?

This is the reason why, sweetie! Everything I've done, I did it all for this — a snazzy canvas bag! I always wanted one of these!

I have to know the truth. Are we safe?

Absolutely! However, you may want to buy some Kevlar Snuggles for the baby!

The one thing I'm certain of is that the suspect we're hunting is a scowling, angry bald man!

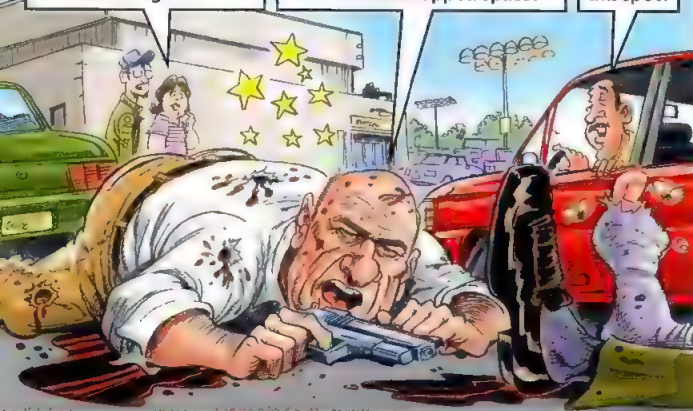

Which narrows it down to everybody!

An afternoon gunfight in a public parking lot? What is this, a tailgating party at an Oakland Raiders game?

Aaarghh! I've been shot! I have no feeling in my flab! But on the plus side, now I don't feel guilty about parking in this handicapped space!

Excuse me, are you leaving this spot?

An international drug operation sent two of its conspirators across the U.S. border to assassinate one of our government agents right outside its New Mexico headquarters! Who sent them? What are they protecting? Obviously, we'll never rest until we identify and catch every criminal involved!

The second shooter just died!

Okay, that wraps it up! Investigation over!

You...are...done. Finished! If you attempt to interfere, I will kill you. Your farewell payment has been deposited in your bank account. If you withdraw the money, I will kill you. I've written you this glowing letter of recommendation. If you read it, I will kill your family. If you suggest I'm making threats I can't carry out, I will kill you. And if I don't win an Emmy for Best Supporting Actor, I will kill the entire Academy!

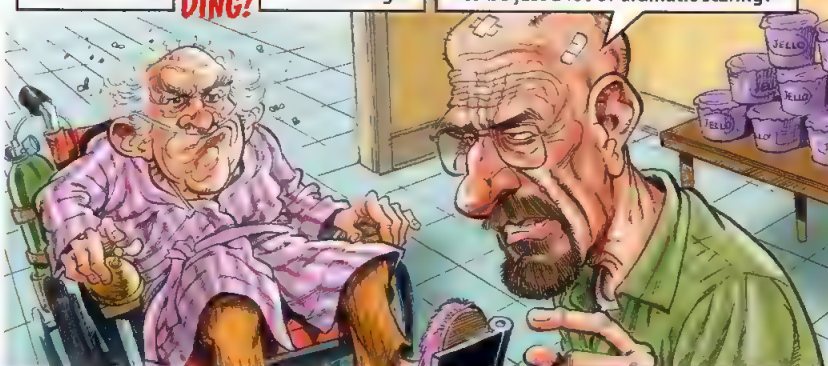

I KNEW I SHOULD'VE TAKEN THAT LEFT TURN AT ALBUQUERQUE!

I know you despise me and want me dead. But I'm guessing there's one person you hate even worse than me!

**DING!
DING!
DING!
DING!**

Okay, two people! But since we have no way of blowing up Tom Brady, are you willing to suicide-bomb Pus Schwing?

He's been meticulous for 20 years, leaving nothing to chance. But I've got a hunch he's about to make a personal appearance at a public location where a high-profile DEA witness is about to be murdered! Because if he doesn't, the season finale's going to be just a lot of dramatic staring!

Have you ever seen something that gruesome?

Only once! I used to work backstage on *Desperate Housewives*. You wouldn't believe what that brave makeup crew has to deal with!

Knowing how close my family and I came to being murdered by Pus Schwing really shook me up! That's why I've switched careers, again! I'm running Pus' old business! Welcome to Uncle Wallow's Cluck- Cluck Hut! Thanks to my extra-special 12th secret spice, the public is addicted to my recipe!

This blue chicken is delicious! I'll take thirty buckets!

Historians agree that the nation's darkest days occurred during the 1860s when the Civil War roiled the land. Slaves seceded, brother fought against brother and 625,000 Americans lost their lives. It was indeed, the worst of times. So it always struck us as kind of odd that people today would want to relive the horror that was the war between the states. Yet every weekend in some vacant field, a group of otherwise normal Americans are dressed up in 19th century garb and reenact some of the ugliest and bloodiest battles this nation has ever seen. So much for setting go! But try as they might to be authentic, these historical replays never come off terribly well. In fact, you don't have to be Ken Burns to spot these...

Recently, a new reality show debuted on the National Geographic Channel. It chronicles the lives of those who are convinced that it's only a matter of time before by building shelters, hoarding food and stockpiling medicine and guns. We would dismiss them as wack-jobs... except we, too, have heard some disturbing rumors

much of the world is destroyed — either by man, nature or, in one scenario, some guy named Phil. These people are busy preparing for this post-apocalyptic world about this guy named Phil and what a potential danger he is to all of society. So, instead of mocking the stars of this show, we've decided to help them by compiling...

What if BATMAN were JEWISH?

His new catch phrase would be: "Why is this Dark Knight different from all other Dark Knights?"

He'd forbid the lighting of the Bat Signal on Shabbat.

He'd pester Aquaman to set him up with a lifetime supply of gefilte fish.

Instead of traveling the world to learn from martial-arts masters, he'd take a free Birthright trip to Israel.

He'd continue to keep the location of the Batcave secret — except to the local Chinese place that delivers on Christmas.

He'd quit the Justice League to join the Jewish Defense League.

He'd insist on throwing Robin a lavish "Bat" Mitzvah even though Robin's a boy.

He'd try to convince Catwoman to convert and change her name to "Katzwoman."

He'd fight crime in Gotham City from April to October — November at the latest — and then winter in Miami Beach.

He'd frequently be heard mumbling, "Oy, that Joker is meshuggah!"

His utility belt would contain a space for a potato knish, in case he wanted to nosh a bit.

He'd commission the world's largest mezuzah for the entrance to the Batcave.

Ever since Republicans on Capitol Hill convened an all-male panel to lecture us about birth control, everyone without a penis (or with a brain!) knows that there's a "war on women." With Mr. Misogyny, Rush Limbaugh, leading the charge, right wing troglodytes want to defund Planned Parenthood, eliminate insurance coverage for contraception, and force women to have invasive transvaginal ultrasound procedures before getting a legal abortion. Sadly, the worst is yet to come. Here are...

June 1, 2012

Whenever I look at a map of the United States, I wonder about the state shapes, because in the east, there's all sorts of crazy state shapes:

But in the west, the states are mostly just rectangles:

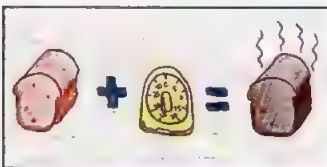

I asked our history teacher, Mr. Campbell, whether people just got lazier as they went west like, if they just thought, "Screw it, rectangles are fine!" And he sort of sighed and said he didn't know. But afterward, Megan Coover, who sits across from me, said she thought it was a really funny question. Which was nice of her, I guess, even though I didn't mean for it to be funny.

June 3, 2012

Here's something I've never understood about bakeries:

Why don't they ever just leave loaves of bread in the oven for a few extra minutes, so that they become loaves of toast? I'd much rather eat a loaf of toast.

June 4, 2012

OK, this is weird: Today when I was in line for lunch, Megan Coover came over and said, "Hey, Tad, have you seen 'Men in Black III' yet?" And I told her no, and she said, "Do you have plans Saturday night?" And I told her no, and she said, "Great! We'll see it Saturday night, then! It's a date!" After she left, my friend Chuck came up and said, "What just happened?" And I told him the truth: "I have no idea." But I'm seeing "Men in Black III" on Saturday, I guess?

June 5, 2012

So, this morning, I told my parents they need to drive me and Megan to the movies Saturday. And my mom said, "Oh, wow! My son's going on his first date!" And I said, "It's not a date!" And my dad said, "It sure sounds like one." And my mom said, "Let me ask you: Did she use the word 'date' anywhere when she asked you to go?" And I said, "Well, she *did* say, 'it's a date'. Does that mean anything?" And then my mom and dad both cracked up, and I realized: It's a date. I'm going on a date tomorrow. Apparently.

Now I'm super-nervous.

June 6, 2012

Ugh. School today was nerve-wracking. I mean, Megan's really nice, and I'd like to go on a date with her. But now that I know that that's what we're doing, I feel really awkward and uncomfortable around her. So I've tried to avoid her as much as possible, but it's not easy — we have four classes together, and our lockers are across the hall from each other, so I've had to carry all my books around with me all day. My back hurts a lot now.

I've also tried to make sure Chuck's around whenever I run into her, because I feel less nervous when it's not just me and her. I thought about bringing Chuck on the date, but I asked my parents, and they said that bringing a third person on a date is a bad idea.

June 7, 2012

If you think about it, a box full of Alpha-Bits is just a bowl full of swear words waiting to happen.

June 8, 2012

This whole date thing has me totally distracted. I keep wondering about stuff like, What if she wants popcorn? Should I buy one big tub of popcorn for us to share? Because I hate sharing food. And what if she licks her fingers? Do I still have to eat some?

I've spent so much time thinking about stuff like that, I haven't been paying attention in school. I flunked a pop quiz about the Supreme Court in Civics class today, because I hadn't done any of the reading. Although I think I deserved partial credit for some of my answers:

9. Name three significant Supreme Court cases.

- 1) Aliens vs. Predator
- 2) Monsters Vs. Aliens
- 3) Scott Pilgrim Vs. The World

10. What is Justice Warren Burger known for?

Being Mayor McCheese's more successful brother.

June 8, 2012

I'm so nervous about this date, it makes my stomach hurt. When I told my parents that, my mom said, "It's just butterflies in your stomach." Which is an image that only makes my stomach hurt worse.

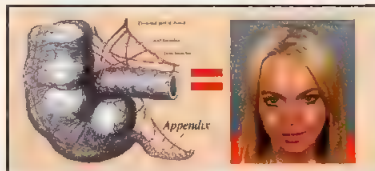

June 9, 2012

Well, I'm off to my date. I'm sweating just thinking about it. My mom says that I have nothing to worry about — I just need to be myself. And also be polite, stand up straight, don't talk too much about myself, hold the door open, make eye contact, and not fidget or itch too much. Which is pretty much most of what I consider "being myself." No wonder my stomach still hurts.

June 12, 2012

Sorry I haven't written in a few days. I never got to see the movie, it turns out. I met up with Megan, and I bought her some Milk Duds, and then I threw up all over the usher and passed out. It turns out that pain in my stomach was appendicitis, and I had to be rushed to the hospital to have my appendix removed. My parents said, "Why didn't you tell us you didn't feel well?" And I said, "I did! A bunch of times!" And then they said, "Oh, yeah...right. Sorry."

I called Megan to apologize, but her mom said she was out at the mall with her new boyfriend, Brad Scott. I guess he was at the movies with some friends, and he comforted her after I got taken to the hospital, and they've been dating ever since. So I guess I missed my chance, all thanks to my stupid appendix. I don't even get why we have appendixes. It's useless, and the only thing it's capable of doing is ruining perfectly good things. It's the Lindsay Lohan of the human body.
